The parties to this MOU shall constitute the North Dakota One-Stop Delivery System and shall participate in and contribute to the planning and operation of the One-Stop System.

II. DURATION OF THIS AGREEMENT

This Memorandum of Understanding will be in effect July 1, 2007, and it will remain in effect until June 30, 2010. All Partners will review the MOU annually.

One or more partners may request, in writing, an amendment to this MOU by submitting their request to the North Dakota Workforce Development Council (NDWDC), 1600 East Century Avenue, Bismarck, North Dakota 58502-2057. All Partners to this agreement will be afforded a 60 day comment period on the proposed amendments. The proposed amendments and comments by the Partners will be presented to the NDWDC for approval. If a commenting partner disagrees with the NDWDC action, this partner may pursue an Impasse Resolution as outlined in Section IX of this MOU.

III. PURPOSE

The purpose of this MOU is to establish cooperative and mutually beneficial relationships between the required partners and other WIA partners whose participation has been determined to be vital to an effective One-Stop Delivery System capable of accomplishing the Governor’s workforce investment goals as outlined in the Modification to the WIA Two-Year Strategic Plan for WIA Title I and Wagner-Peyser.

The One-Stop Delivery System partners have adopted the following guiding principles to support this MOU.

- Informed Customer Choice will be available. All services, policies and actions will be designed to include informed customer choice whenever possible.
- Services will be comprehensive. All job seekers, workers, and employers will be served comprehensively in a seamless system which addresses their needs, coordinates service across programs, and minimizes duplication.
- Services will be integrated. All functions will be coordinated and integrated where feasible. This will be accomplished through partner agencies jointly serving common customers, supporting interagency in-service training to one another, and providing information and services that most directly meet the customer's needs.
- Services will be customer focused. Provide the means for customers to judge the quality of services and make informed choices about which services will meet their unique and individual needs.

IV. ONE-STOP DELIVERY SYSTEM OVERVIEW

The One-Stop Delivery System in North Dakota is made up of mandatory partners identified in the act plus additional partners who carry out human resource programs that provide core, intensive, and training services to participants.

The One-Stop delivery system is intended to provide clients with “Core” services and access to other employment and training services funded under WIA and other Federal programs.

The North Dakota One-Stop delivery system partners, collaborate to create a seamless system of service delivery that will enhance customer access to program services and long-term employment outcomes for individuals receiving assistance. Each of the One-Stop Partners is responsible to carry out their individual program requirements, but use the One-Stop delivery system to improve outcomes for their clients.

Job seekers, businesses, and other clients are provided access to services through a combination of strategies that includes co-location, contract for service, direct delivery of services, and electronic linkages to the partner agencies programs and services.

In addition to the client access points provided by the One-Stop Delivery System partners, the System is supported by a comprehensive One-Stop Career Center network. This network provides customer access to both on-site core services and electronic linkage to other programs and activities carried out by the One-Stop System Partners.

V. SERVICES OFFERED THROUGH THE ONE-STOP DELIVERY SYSTEM

Consistent with Federal Law, partner agencies agree to make available to participants and employers through the One-Stop Delivery System the core, intensive, and training services that

are applicable to their programs. **(These services and sources of funding these services are described in Attachment I).**

The majority of the Federal and State funded workforce development and training programs in North Dakota are administered through the One-Stop Career Center Operator, either through designation by the Governor as the grant recipient or sub recipient or through contracts with the administering agencies in the state.

The balance of the mandatory One-Stop Delivery System partners have in place various arrangements with the One-Stop Career Center Operator for serving clients which could include co-locating staff at the One-Stop Centers, having staff visit the One-Stop Center on an itinerant or appointment schedule or making formal and informal referrals to clients of services available at the One-Stop Career Center. Each of these arrangements is intended to maximize the resources and services being made available to mutual clients.

The applicable core services may be made available by the provision of appropriate technology at the comprehensive One-Stop center, by co-locating personnel at the One-Stop center, cross training of front line staff within partner agencies, or through a cost reimbursement or other agreement between service providers at the comprehensive One-Stop center and the partners.

VI. ONE-STOP DELIVERY SYSTEM REFERRAL ARRANGEMENT

Although co-location is desired wherever economically and practically feasible, through the use of technology and electronic linkages, an efficient customer service and referral system has been developed that supports customer choice and access to the programs and services of the One-Stop System partners.

The state has developed an electronic infrastructure to support integration of service delivery. The SHARE Network (Sharing How Awareness of Resources Empowers) is an internet-based, electronic referral system connecting job seekers to providers of services who help job seekers obtain, retain, or advance in employment. The jobsnd.com website of Job Service North Dakota easily links users to www.sharenetworknd.com and the services of over 630 members. The SHARE Network memberships include required and optional One-Stop partners, as well as workforce development partners, faith-based organizations, community organizations, businesses, and government agencies.

The coordination of services established between partners in the One-Stop delivery system varies depending upon the customer service needs being addressed.

VII. ONE-STOP DELIVERY COSTS

The majority of the mandatory partner programs are co-located within Job Service North Dakota. Other mandatory partner programs and services are co-accessible through contract for service or through electronic linkages. This makes access to many “Core” services available anywhere and anytime. Intensive Services are accessible through the One-Stop Career Center or through on-site services at partner agencies.

Each partner, through provision of direct service, cash contribution, and contract for service, or provision of in-kind services is directly contributing to success of the system.

VIII. BREACH OF MOU

The One-Stop Delivery System partners agree that each shall fulfill its responsibilities under this MOU in accordance with the provisions of law and regulations that govern its activities. This MOU does not negate any operating procedures in effect.

If at any time a partner is unable to perform their functions under this MOU, such partner shall immediately provide written notice to the other partners describing its inability to fulfill the requirements.

Failure to abide by this agreement is basis for termination by the other parties.

IX. IMPASSE RESOLUTION

The agencies agree to communicate openly and directly and that every effort will be made to resolve any problems or disputes in a cooperative manner. If an MOU impasse develops with a One-Stop Delivery System partner, which cannot be resolved between the Workforce Development Council and required partner(s), it will be forwarded to the Governor for resolution. If the impasse continues, the situation will be reported to the United States Secretary of Labor and to the head of any other Federal agency with responsibility for oversight of a partner's program.

X. MISCELLANEOUS PROVISIONS

A. Mutual Respect of Organizational Practices

All partners agree to respect each other's organizational practices and management structures in the provision of services under this agreement.

B. Indemnification and Liability

By executing this MOU, each entity agrees to work together to deliver One-Stop services for employers, employees, and those seeking employment. However, the entities are not legally "partners" to the extent that the term encompasses joint and several liabilities. Each legal entity under this MOU is responsible for its own employees, representatives, agents, and subcontractors.

Grievances or complaints filed by employers, employees, clients, or those seeking employment will need to follow the grievance and complaint procedures established by each individual partner agency for the programs they administer.

C. Assurances

1. All One-Stop Delivery System Partners agree to support the spirit and objectives of this MOU by:
 - a. Ensuring that the partner agency front-line staff is familiar with all programs and services available through the One-Stop Delivery System.
 - b. Communicating with front-line staff to ensure the objectives of the MOU and working arrangements of partner agencies are understood.
 - c. Participating, to the degree feasible, in an integrated management information system.
 - d. Meeting routinely to discuss and address the service delivery needs of One-Stop customers.

XI. EQUAL OPPORTUNITY AND NONDISCRIMINATION OBLIGATIONS

The partners acknowledge familiarity and will abide by all applicable Federal and State of North Dakota laws, rules, regulations, policies, procedures, and reporting requirements. This includes, but is not limited to, discrimination policies, compliance with the Americans with Disabilities Act, and maintenance of drug free workplaces. Reference is made, but not limited to, Sec. 181 – “Requirements and Restrictions,” and Sec. 188 – “Nondiscrimination,” of the WIA. Tribal and federal law provide for Indian preference in hiring. Hereby, this MOU expressly recognizes that Indian preference in hiring applies hereunder only to such partners that are required by Tribal or Federal law to use the preference.

XII. OVERSIGHT

Oversight of this MOU will be the responsibility of the North Dakota Workforce Development Council.
